

Fortrea Reschedules Release of First Quarter 2024 Financial Results and Conference Call

May 6, 2024 7:22 AM EDT

DURHAM, N.C., May 06, 2024 (GLOBE NEWSWIRE) -- [Fortrea](#) (Nasdaq: FTRE) (the "Company"), a leading global contract research organization (CRO), today announced an updated issuance date for the company's first quarter 2024 financial results. The Company requires additional time to work through accounting and discontinued operations matters primarily as a result of entering into a definitive agreement in March 2024 to divest assets relating to the Company's Enabling Services segment.

Fortrea will now release its first quarter 2024 financial results before the market opens on Monday, May 13, 2024, rather than on Tuesday, May 7, 2024, as previously announced. The company will host a conference call at 8:00 am ET on the date of release to review its financial results and conduct a question-and-answer session.

To participate in the earnings call, participants should register online at the [Fortrea Investor Relations website](#). To avoid potential delays, please join at least 10 minutes prior to the start of the call. The conference call can also be accessed through the following [earnings webcast link](#).

A replay of the live conference call will be available shortly after the conclusion of the event and accessible on the events and presentations section of the Fortrea Investor Relations website.

About Fortrea

Fortrea (Nasdaq: FTRE) is a leading global provider of clinical development and patient access solutions to the life sciences industry. We partner with emerging and large biopharmaceutical, biotechnology, medical device and diagnostic companies to drive healthcare innovation that accelerates life-changing therapies to patients. Fortrea provides phase I-IV clinical trial management, clinical pharmacology, consulting services, differentiated technology enabled trial solutions and post-approval services.

Fortrea's solutions leverage three decades of experience spanning more than 20 therapeutic areas, a passion for scientific rigor, exceptional insights and a strong investigator site network. Our talented and diverse team of approximately 18,000 people working in more than 90 countries is scaled to deliver focused and agile solutions to customers globally.
